

Pharmacies Offering Home Delivery

Many independent pharmacies offer home delivery as a regular service. Some chains have waived fees for home delivery during the COVID-19 pandemic. Other pharmacies not included in this list may offer home delivery. Call or check individual pharmacy location websites and social media.

Community Pharmacy Enhanced Services Network (CPESN)

<https://collaboration.cpesn.com/finder>

- Locally owned independent pharmacies
- Searchable list by address and services offered
- Call pharmacy to request delivery/transfer prescriptions
- Many also offering curbside and drive-thru options
- Regular monitoring of medication supplies in order to proactively address impacts of shortages
 - Contact prescribers to substitute alternative agents or prompt prior authorization
- Participating pharmacies are encouraged to incorporate the CDC Self-Checker into workflow for patients that have symptoms suggesting possible COVID-19 Infection
 - If you have questions about screening or triage at the pharmacy level, please call the pharmacy directly
