

**Top 20 State Ranking in Health
Outcomes and \$2 Billion in Savings
for North Carolina by 2022**

Community Care's award-winning complex care management

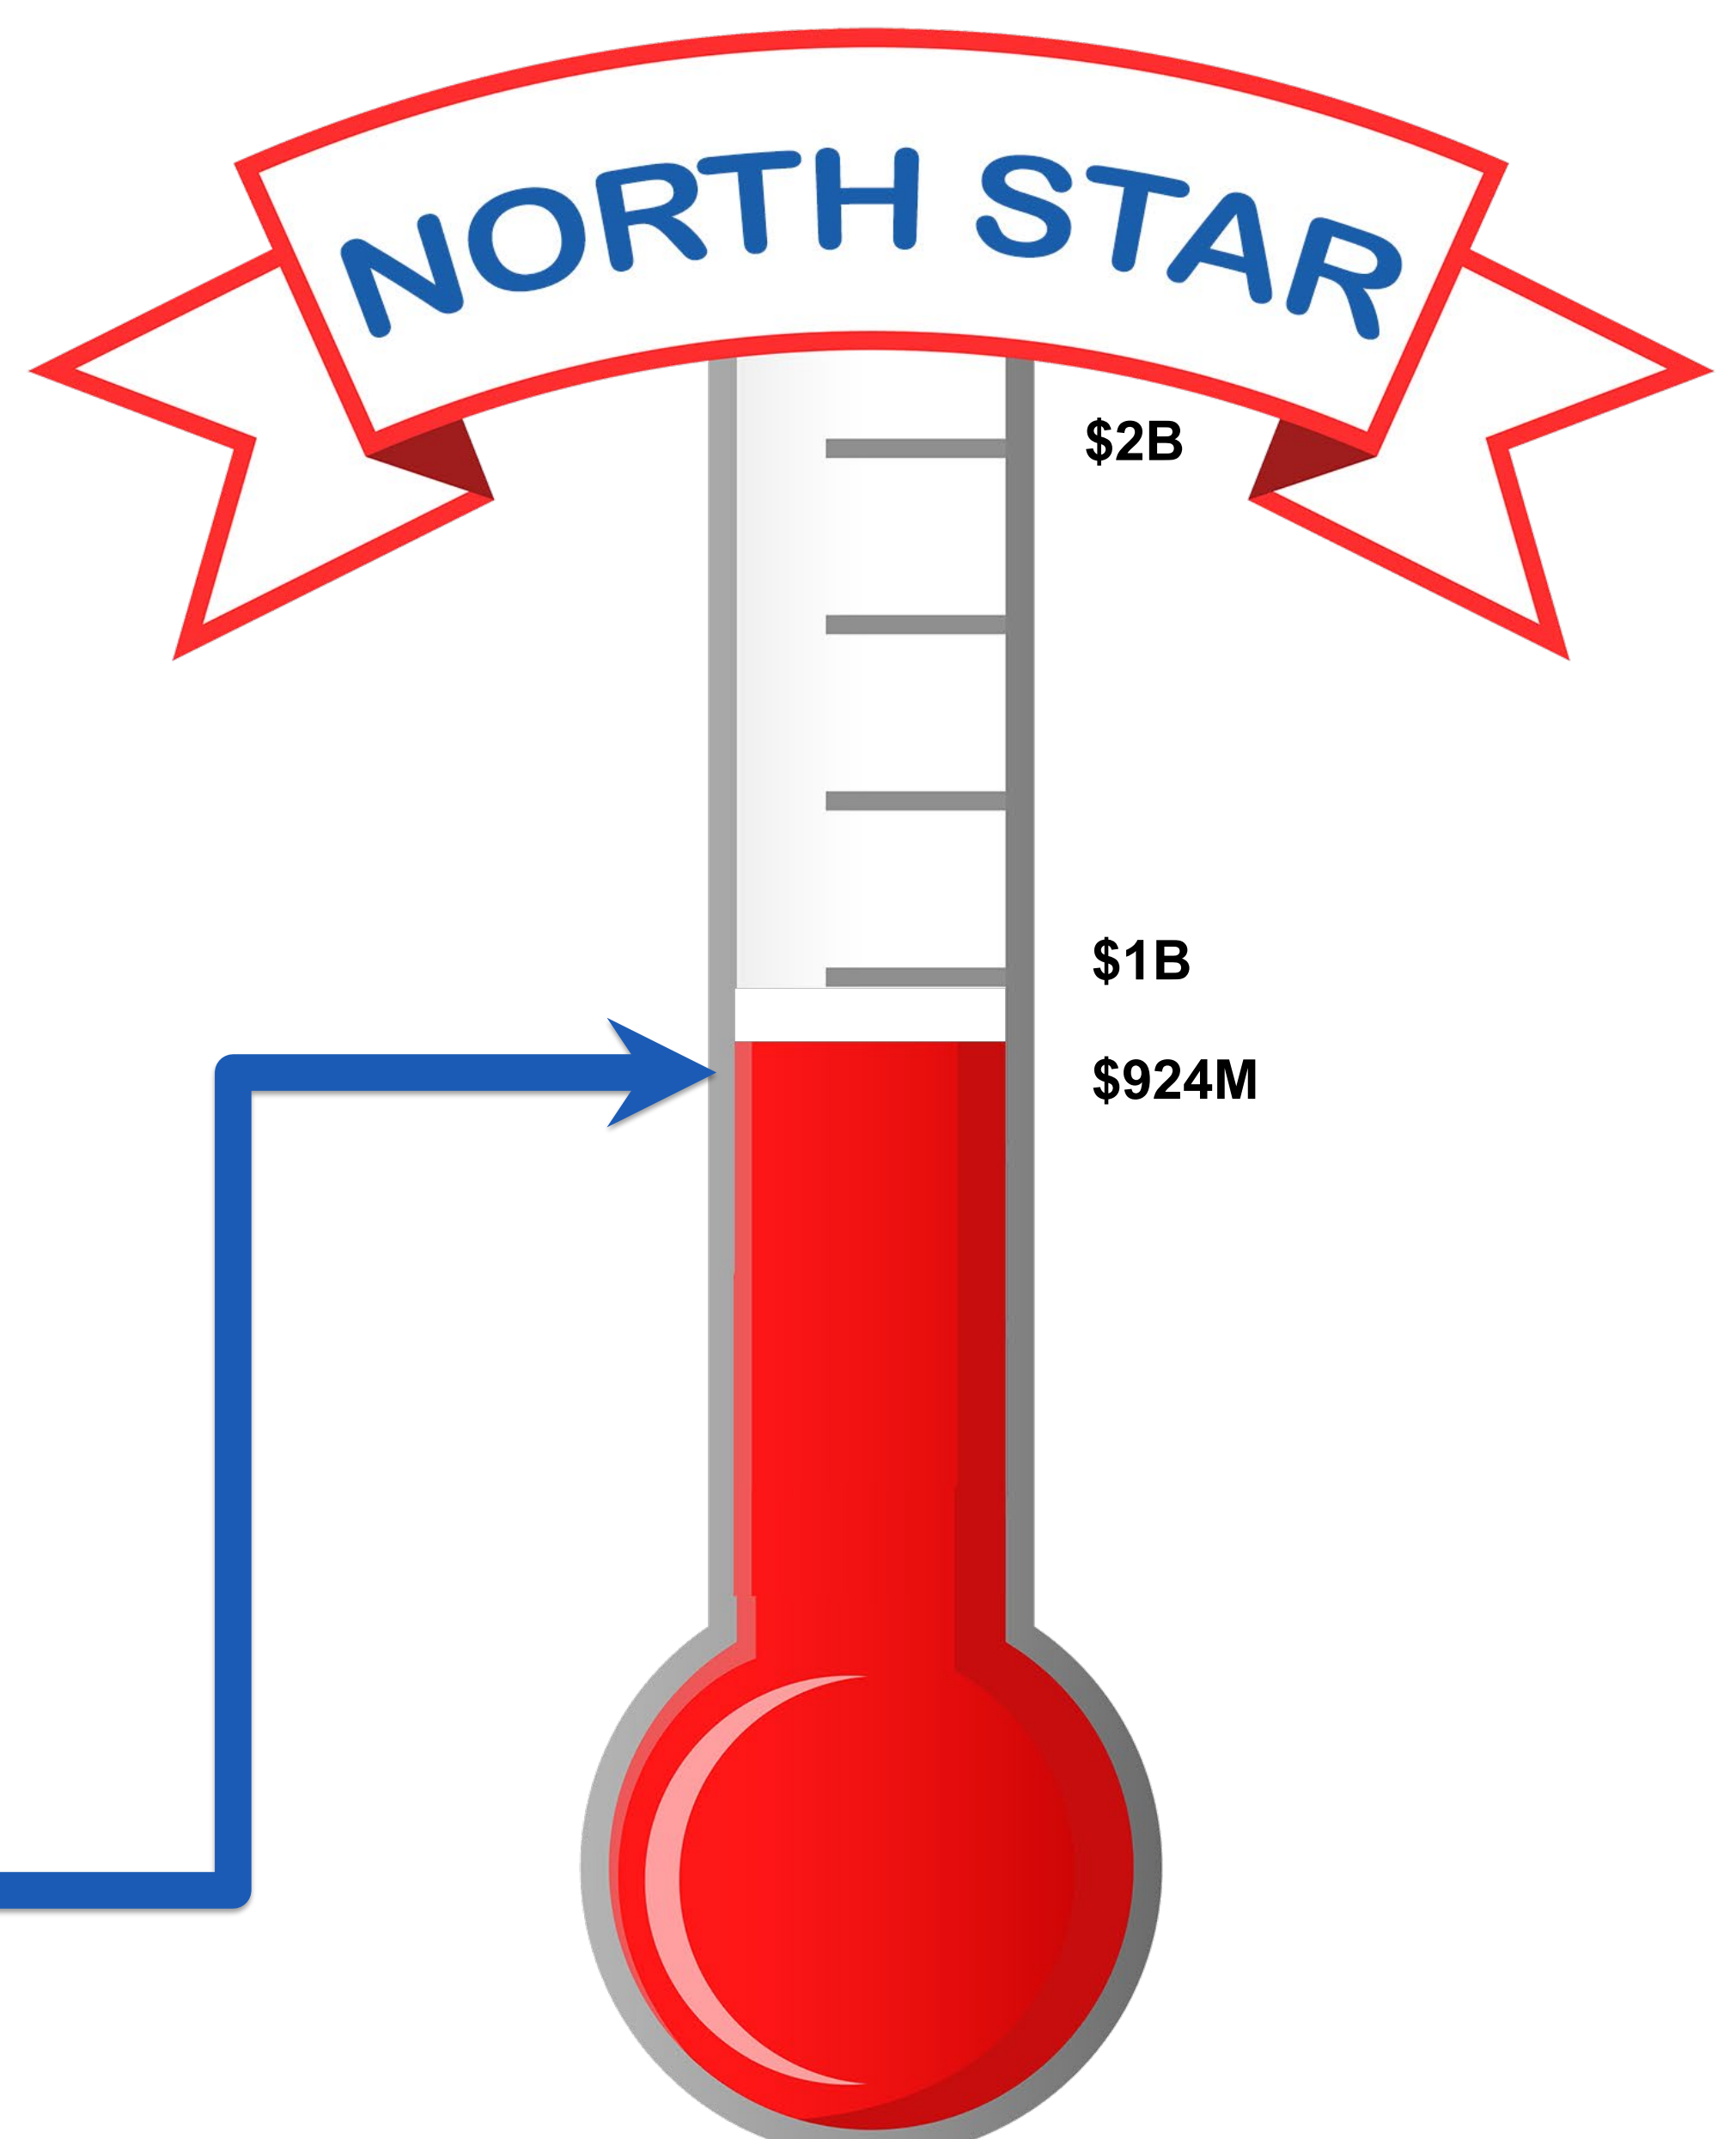

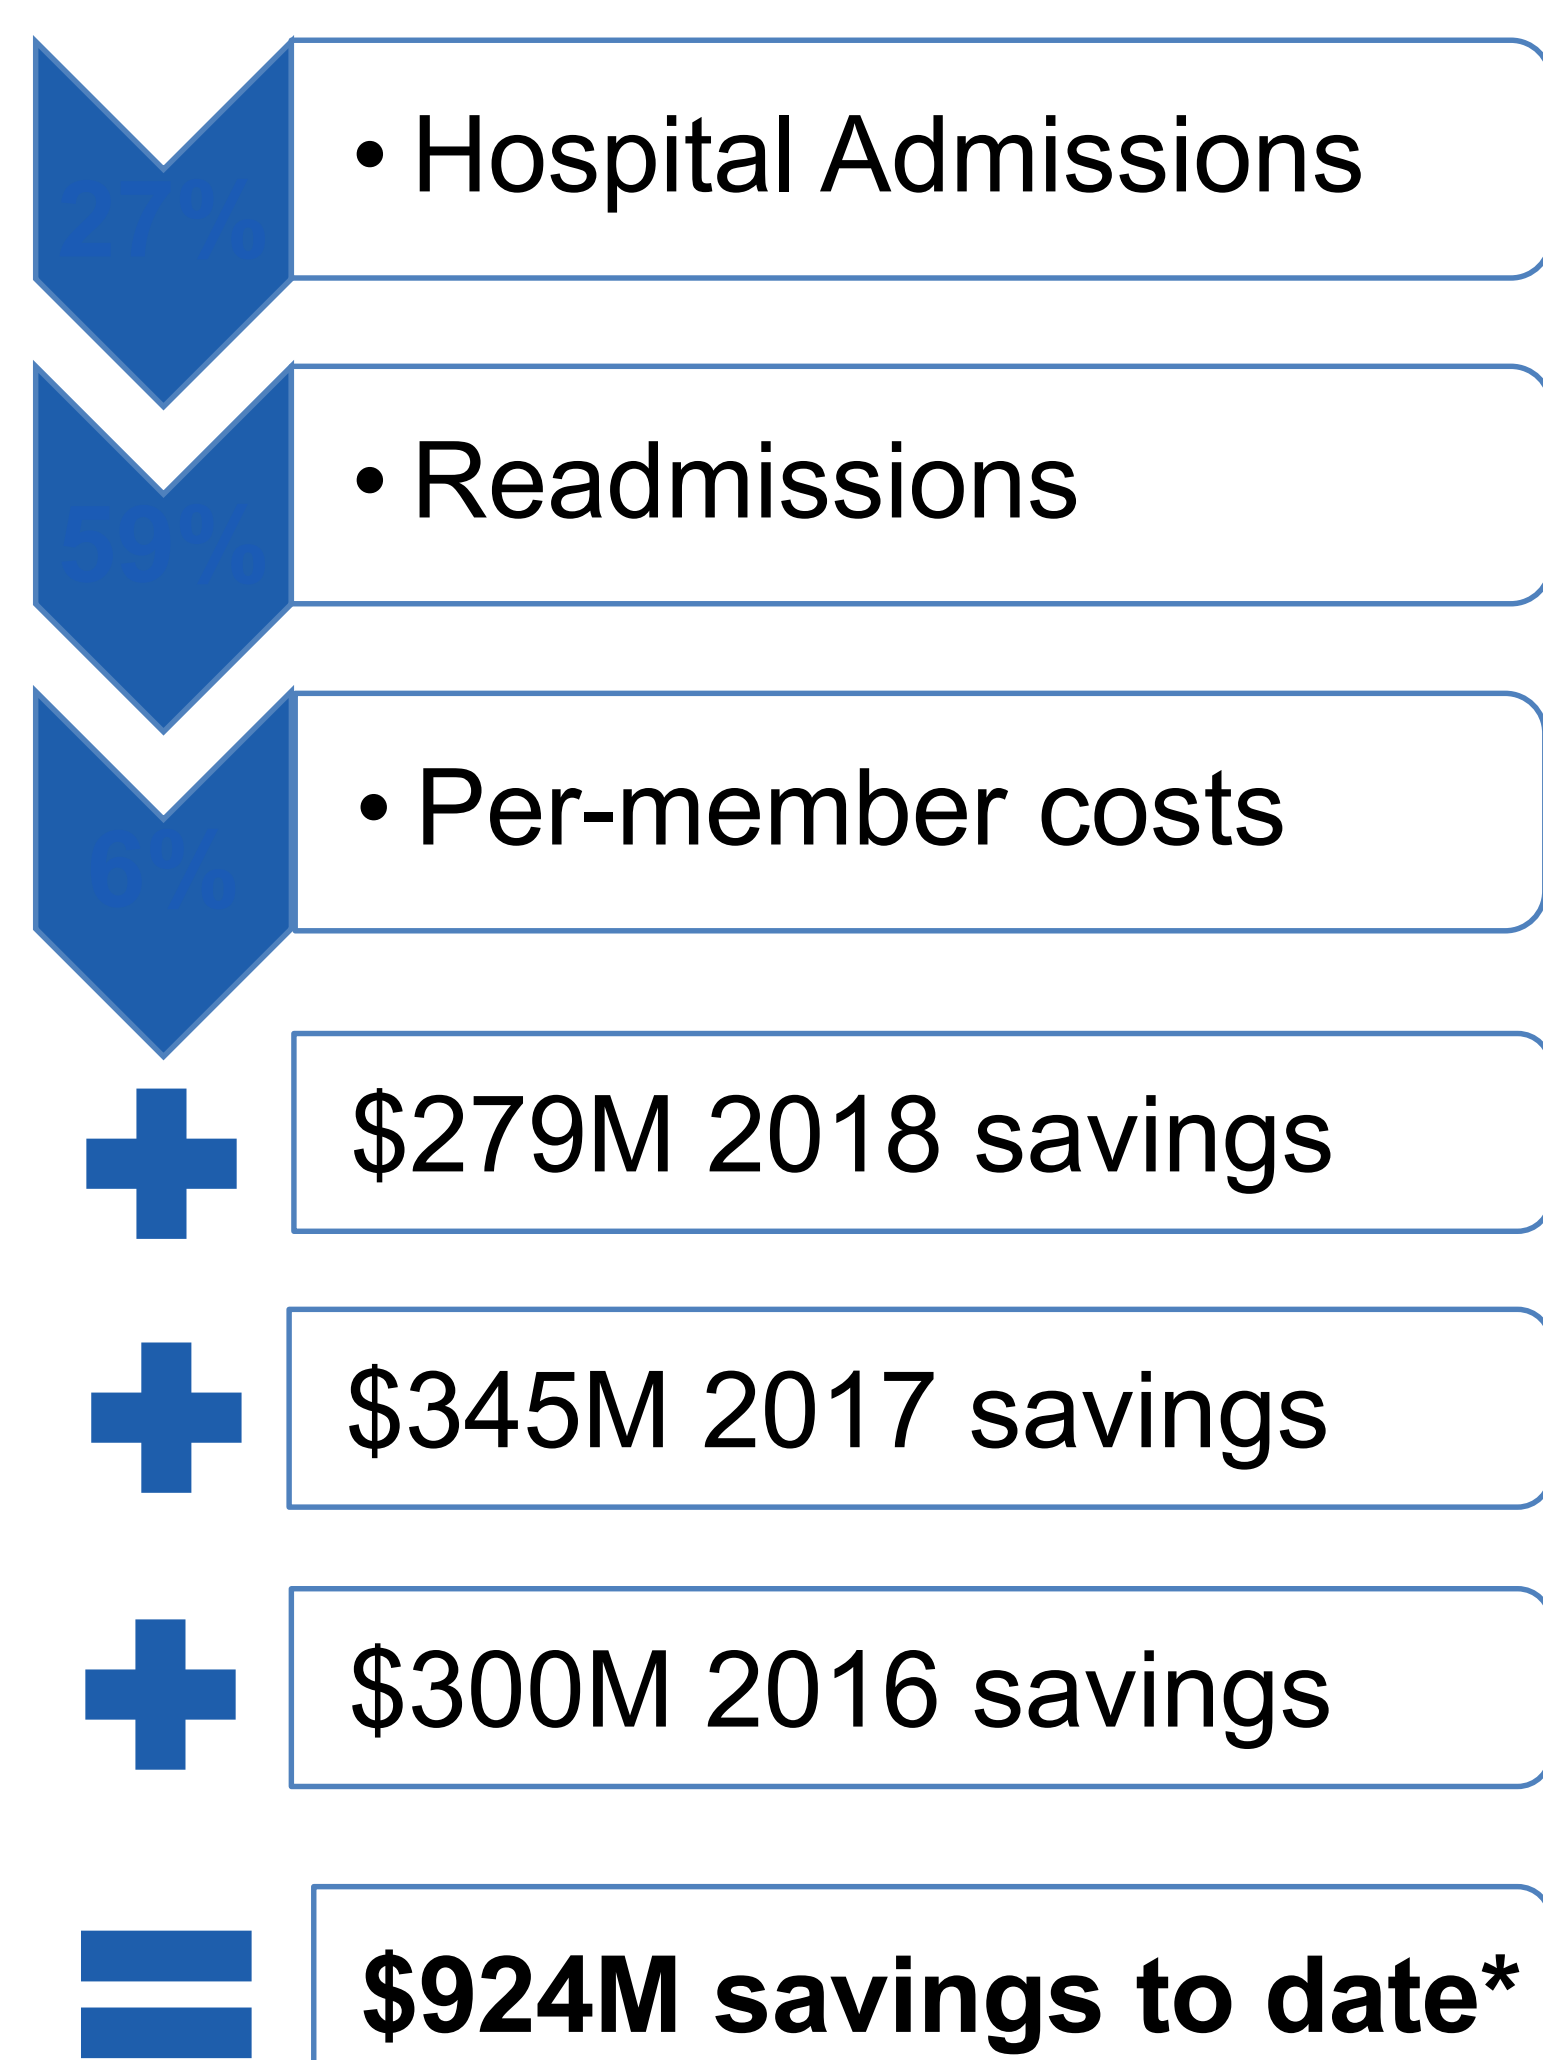

Broad, local relevant infrastructure

- Employees and partners across all 100 counties, serving one in five North Carolinians
- Positive working relationships with 1,850 practices and 6,000 engaged providers
- Embedded staff in key hospitals and large practices throughout North Carolina
- NCQA-accredited for complex case management

Proven experience, validated results

- Validated ROI for transitional care and complex care management programs
- Compared to other patient targeting strategies, CCNC's impactability-based approach to care management provides two to three times the return on investment
