

MAJORITY OB MEDICAID “MOM” PRACTICE MANAGER WORKGROUP

Are you confident that your practice is paid for all of the care provided to your Medicaid patients, including PMH incentive payments? If not, we encourage practice managers and billing staff from practices with a large Medicaid population to join us to review OB billing specifics.

We will assist practices with applying best practices to get optimal reimbursement for the care you provide & help ensure you are being paid for the items that are outside of routine prenatal care.

Thursday, December 10, 2020 from 9:00am to 9:30am

If you are interested in participating, please contact your OB Coordinator or Kimberly DeBerry at kdeberry@communitycarenc.org.

Providers and External Stakeholders

Providers and external stakeholders may formally submit a request for coverage of a procedure(s), product(s) and/or service(s) through the [NC Medicaid website](#)
