### MAHEC's Doing Better Together

Link to event [here](#). Dates: February 10, 2021- May 4, 2021.

MAHEC has convened a learning collaborative with the vision to develop a Statewide Provider Support Network (SPSN) leveraging the expertise of Family Medicine champions to strengthen the quality of care for people in the pregnant, postpartum, and inter-conception periods. The learning collaborative's goal is to increase awareness and engage inter-professional collaboration in the provision of maternal health/well-woman care. To operationalize our efforts for sharing best practices and improving communication between obstetrical and primary care providers, we are offering a series of continuing education opportunities, and technical assistance to bridge the gap between theory and practice to advance family and community health.

Sessions include the following topics:

- Perinatal Mood Disorders, Bonding, and Attachment
- Establishing the 4th Trimester
- Placing Culture at the Center: Practical Approaches and Strategies for Culturally Responsive Care with Latinx Communities
- When One Patient is Actually Two
- The Birthweight of a Nation: Racism & Population Health in the Trump Era
- Public Policy Strategies for Improving Maternal and Child Health Outcomes
- IMPLICIT Model for Inter-conception Care at Well Child Visits
- Postpartum Depression in African American Women: Signs, Symptoms and Barriers to Diagnosis
- Inter-conception Care for the Pandemic and Beyond
- Caring for Individuals with Developmental Disabilities-Challenges and Opportunities for Improvement
- Rights-Based Approaches to Maternity Care
- Empowerment, Support, and Partnership to Improve Maternal Health in a Neurodiverse World
- Panel: Reproductive Justice in Theory and Practice
