Evolution of Existing Programs Under Managed Care

The State will build on existing care management infrastructure under managed care

**Pre-Transformation: FFS**
- Carolina ACCESS
- Care Coordination for Children (CC4C)
- Pregnancy Medical Home
- Obstetric Care Management (OBCM)

**Post-Transformation: Managed Care**
- AMH
- Care Management for At-Risk Children (CMARC)
- Pregnancy Management Program (PMP)
- Care Management for High-Risk Pregnancy (CMHRP)

Note: These programs will remain in place post-transformation for populations that remain in FFS coverage

Note: Local Health Departments, Pediatric providers and Pregnancy Care providers can also be AMH providers

CMHRP Pregnancy Risk Screening Form – **English** & **Spanish**

CMHRP Program Guide in Managed Care

Risk Screening Form

- The content of the tool will be standardized across the State and will be the **same as the tool currently used** by providers enrolled in the PMH program
- PMPs are required to share results of the completed screening with the LHD within 24 hours. It is critical that the form has been fully completed.
- DHHS will be responsible for maintaining updates to the risk-screening tool in conjunction with key stakeholders.

Understand prompt payment requirements for health plans

NC DHHS establishes provider payment requirements for health plans that are intended to encourage continued provider participation in the Medicaid program, to ensure beneficiary access and support safety net providers, and to ensure the continuation of current reimbursement levels using mechanisms that mitigate the risk of health plan steerage to other providers. Final capitation rates will reflect required reimbursement levels.

1. Rate floors, set at NC Medicaid Direct (fee-for-service) levels, will apply to contracted physicians.
2. Reimbursements may be paid in several installments spaced over a period of time.
3. DHHS will prescribe reimbursement levels for state-owned and state-operated facilities.
4. Health plans will be required to reimburse pharmacies for ingredient costs based on NC Medicaid Direct rates for at least the first year of the contract, as described in section V.C.3 of the PHP contract.

Fact Sheet: NC Medicaid Managed Care
What Providers Need to Know: Part 2 – After Managed Care Launch
Scenario

How do we bill for currently pregnant patients that will deliver after go live?

Mary is halfway through pregnancy and gets enrolled with a Health Plan, so far Medicaid has paid for the S0280. She has had 2 ultrasounds and completed 6 visits. After Managed Care go live, she completes 9 more visits, an ultrasound, a delivery, pp care and a S0281.

Billing FFS:
Submit claims for dates of service prior to July 1, 2021, as you do today and bill each health plan accordingly, for services after July 1, 2021.

Bundled Billing
Bill the member’s assigned plan at time of delivery.
Coverage Verification

Assigned health plan will be shown on the member’s ID card and can be validated through the NC Tracks Recipient Eligibility Verification methods.

**Recipient Eligibility Verification**
There are two methods of Recipient Eligibility Verification available via the NCTracks Secure Provider Portal: Real Time Eligibility Verification and Batch Eligibility Verification. As a reminder, these methods can be used for **current** eligibility information – future eligibility information is not available at this time.

1. **Real Time Eligibility Verification Method**
   a. Log into the NCTracks Provider Portal
   b. Follow the Eligibility > Inquiry navigation
   c. Populate the requested provider, recipient, and time-period information

2. **Batch Eligibility Verification Method**
   a. Log into the NCTracks Provider Portal
   b. Follow the Eligibility > Batch verify
   c. Upload the file by selecting browse > load from file

Claims Payment (in-network and out-of-network) Part 1
What is the process & timeline for getting Medicaid for patients who walk in requesting care?

Members can call the NC Medicaid Enrollment Broker Call Center at 833-870-5500 or visit ncmedicaidplans.gov. The timeline is the same as the current timeline for enrollment.

Do we need a referral from PCP?

No referral is needed for any women’s reproductive health service per contract.
How will pharmacy claims be paid? Will pharmacy claims be paid from Medicaid or the PHPs? If from the PHPs, will the PHPs honor the current rate arrangements (i.e. WAC+6%)?

Pharmacy claims will be paid by PHPs. Yes, PHPs will honor the current rate arrangements.

Will PHPs contract with different transportation providers?

Yes.

Non-Emergency Medical Transportation

Part-1 & Part 2
How should Presumptive Medicaid be billed?
Presumptive Medicaid is excluded from managed care.
Use today’s Procedures for coverage and billing.

How does Emergency Medicaid (uninsured and illegals) fit in?
Emergency Medicaid is excluded from managed care. Use today's procedures for coverage and billing.

(OB Clinical Policy)
2.1.3 Undocumented aliens are eligible only for emergency medical services[42 CFR 440.255(c)], which includes labor and vaginal or cesarean section (C-section) delivery as defined in 10A NCAC 21B .0302. Services are authorized only for actual dates that the emergency services were provided.
If a patient has a health plan we do not accept and there are no local providers what is the process & timeline for switching health plans?

She will need to work with the PHP to determine care options. She can also contact the Enrollment Broker Call Center, for assistance in changing her health plan.

- Call 833-870-5500, (TTY: 1-833-870-5588)
- Go online at ncmедакaidplans.gov
- Complete and return a paper enrollment form by fax or mail
- Use the NC Medicaid Managed Care mobile app

Beneficiaries have 90 days after the effective date of initial enrollment to change their health plan.
How should care be provided while a member is in the process of changing Health Plans?

Special protection is afforded out-of-network providers.

“For the first 60 days after Launch, the PHP will pay claims and authorize services for Medicaid-enrolled out-of-network providers equal to that of in-network providers until end of episode of care or for 60 days, whichever is less (more details in N.C. Gen. Stat. § 58-67-88(d), (e), (f), and (g).).”

Additional transition of care-specific guidance available at:

[What Providers Need to Know: Part 2 – After Managed Care Launch](#)

How will PHP payment attribution be determined for mid-pregnancy PHP transfers? Will global billing still be applied?

Billing does not change if a patient transfers—can bill FFS or bundled.
Prior Authorization

- OB Ultrasounds will continue to be exempt.
- The PHP will honor existing and active prior authorizations on file with the North Carolina Medicaid or NC Health Choice program for services covered by the PHP for the first 90 days after launch or until the end of the authorization period, whichever occurs first.
Will there be standard reports or data format for all PHPs to share data with OB practices?

- PHPs are required to share (at a minimum):
  - Prenatal and Postpartum Care: NQF 1517
  - Live Births Weighing Less than 2,500 g (NC Custom Measure)

- DHB compiling a list of the different measures/data that PHPs are sharing with OB providers

- Each PHP will have their own format for sharing data; most are sharing interim and annual data
