June 2021 CCNC PMH Practice Communication

NC Medicaid Managed Care Health Plan Assignments Completed for Beneficiaries

NC DHHS announced 97% of Medicaid beneficiaries have been enrolled in a plan that includes their current primary care provider (PCP). A summary of NC Medicaid Managed Care enrollment by plans and regions can be found [here](#).

Confirmation notices and health plan welcome packets will be mailed to beneficiaries through June 12. Beneficiaries have until Sept. 30, 2021 to change plans for any reason by contacting the [NC Medicaid Enrollment Broker](#) website by calling 833-870-5500 (TTY: 833-870-5588). After September 30th, beneficiaries must wait until their next Medicaid recertification date to change health plans, unless there is a special reason.

NC Maternal Mental Health MATTERS

Free statewide psychiatric consultation service for health care providers who see pregnant and postpartum women.

NC MATTERS offers:

- Answers to your diagnostic and clinical questions by a perinatal psychiatrist
- Help connecting your patient to local resources, or a higher level of specialized care
- Free training and didactic presentations by request for your clinic

Call (919) 681-2909 x 2 Mon-Fri 8am-5pm or visit their [website](#).

Updated! Practice Advisory: Vaccinating Pregnant and Lactating Patients Against COVID-19

Updated on April 28, 2021—ACOG continues to recommend pregnant individuals have access to COVID-19 vaccines. ACIP met to further review the data related to cases of what is now referred to as thrombosis with thrombocytopenia syndrome. After a thorough review of the available data and public health impact considerations, ACIP recommended to lift the pause and reaffirmed its initial recommendations for the use of the Janssen COVID-19 vaccine. Family Planning Policy Update

[Clinical Policy 1E-7, Family Planning Services Revised Effective May 1, 2021.](#)

Includes the following updates:

- Allowance for prescribing Oral Contraceptive Pills (OCPs) will be extended from a three-month supply to a 12-month supply
- Policy clarification that Emergency Contraception is available from the pharmacist with a prescription only
